

A close-up photograph of a woman's face, with her eyes and nose visible through the perforations of a large, vibrant green monstera leaf. The leaf is positioned in front of her face, creating a natural mask effect. The background is plain white.

PLANTS

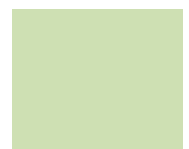

A FRESH PERSPECTIVE ON INTERIOR DÉCOR PLANTS BY SOUTHERN BOTANICAL.

You trust Southern Botanical to deliver the highest quality landscaping, irrigation and maintenance services in a consistently professional manner. Southern Botanical brings the outside in by offering fresh plants and flowers to enhance your interior décor. Southern Botanical will design and maintain the perfect interior plant mix and deliver fresh cut flowers weekly to add warmth and beauty to your home or office.

The Southern Botanical team has years of experience working with plants, and we hold degrees in the scientific study of plant life, botany and horticulture. We strive for 100 percent customer satisfaction: keeping you happy is our goal.
